

Western Sydney University | Sydney Australia | 26 - 28 November 2025

## 4<sup>th</sup> International Conference on Structural Engineering Research (iCSEr-2025)

### CALL FOR PAPERS

#### TECHNICAL COMMITTEE

##### Chairs

**Associate Professor Fidelis Mashiri**  
Western Sydney University, Australia  
Email: F.Mashiri@westernsydney.edu.au

**Professor Olivia Mirza**  
Western Sydney University, Australia  
Email: O.Mirza@westernsydney.edu.au

##### Conference Secretaries

**Dr Md Kamrul Hassan**  
Western Sydney University, Australia  
Email: K.Hassan@westernsydney.edu.au

**Dr Christophe Camille**  
Western Sydney University, Australia  
Email: C.Camille@westernsydney.edu.au

#### KEY DATES

- 10 March 2025:** Abstract submission opens
- 31 May 2025:** Abstract submission closes
- 15 June 2025:** Abstract review outcome emailed to authors
- 31 July 2025:** Full paper submission closes
- 20 March 2025:** Early bird registration to conference opens
- 31 August 2025:** Early bird registration closes
- 10 September 2025:** Registration closes
- 26 – 28 November 2025:** Conference days

#### REGISTRATION FEE

- Full registration (face-to-face, including dinner, early bird): \$995
- Full registration: \$1095
- Student registration (early bird, including dinner): \$650
- Student registration (including dinner): \$750
- Conference dinner: \$150
- One-day participant (early bird): \$600
- Normal one-day participant: \$700
- Accompanying family member (early bird): \$400
- Accompanying family member: \$500
- Online presentation via zoom (early bird: \$250; normal: \$300)
- Additional paper above 2 papers: \$350

#### VENUE

Western Sydney University  
Parramatta South Campus, Sydney, Australia

The 4<sup>th</sup> International Conference on Structural Engineering Research (iCSEr-2025) will be held on 26-28 November 2025, Sydney, Australia. It is jointly organised by the School of Engineering, Design and Built Environment at Western Sydney University, Sydney, Australia and Global Circle for Scientific, Technological and Management Research (GCSTMR).

iCSEr-2025 will feature Keynote addresses by world leaders in Structural Engineering. All the abstracts and full papers submitted to iCSEr-2025 will be refereed by two independent reviewers and the accepted papers will be published by Springer in the Conference Proceedings and will be indexed by Scopus and Web of Science.

Topics of interest include, but are not limited to the following :

- Building structures and bridge structures
- Novel hybrid structural systems and composites structures
- Large scale and complex infrastructure and spatial structures
- Prefabricated structures
- Structural fire engineering
- Earthquake engineering
- Advanced structural experimental techniques
- Performance-based advanced design and analysis
- Numerical analysis of structures using finite element modelling
- Advanced sensor networks, structural monitoring and control
- Disaster-prevention and hazard mitigation for infrastructure
- Construction monitoring and control for large-scale structures
- Reliability and durability of structures
- Sustainable materials for innovative structures
